

GDI OWENS TEAM

INFORMATIVE OWENS UPDATE #5 (attached)

Spring is coming so it's natural to think of planting seeds for growth and eventual harvest.

The essence to your success (five figures+ of monthly income for life) in GDI is to have a loyal, inspired and informed team. Choosing the right people initially makes it easy and that demands a powerful, sincere and effective approach. That approach (**TO GDI**) is revealed in this newsletter, another Owens Team exclusive.

Aligned with the GDI slogan, and the new “What If..?” presentation, you now have perhaps the most powerful technique for systematically expanding your teams with individuals that are devoted to the degree of excellence and commitment necessary to succeed and build incomes for life.

Greetings Everyone;

As we become aware of things that will be relevant and helpful to assisting you in achieving the levels of success that attracted you in the first place, we will be passing them on directly to you. You, in turn should pass the information down to your respective team members and ask them to do the same. That way, we can insure efficient, accurate and reliable communication that will proliferate throughout the entire organization.

Sincerely

Garry & Ginger Owens
